18 June 2015

Dear Coogee Precinct,

### **Coogee Precinct Further Response to May 2015 minutes**

Further to the Precinct's May 2015 meeting, I am able to provide the following response.

Resolution (18/15) - The Precinct requests that Council investigate public health and safety issues associated with 8 Ormond Gardens including the state of the scaffolding, rats infestation and accumulating rubbish

Following the Precinct's resolution, Council's Senior Environmental Health Officer, Danny Nelan, has investigated the site and found the site is secure; there are no accumulated materials (putrescible) on the site; materials are neatly stacked within the perimeter of the site; and there was no evidence of vermin.

In addition, Council's Senior Building Surveyor, John Skene, has advised that an inspection of the scaffolding has found it to be in a satisfactory state.

Yours faithfully,

Giovanna Connolly  
Precinct Coordinator
